

STANDARD PLUS.T 731

MADE IN EUROPE

We bring you floors that are exclusively manufactured in Europe, in accordance with European standards and quality control measures. Our floors with unmatched resilience & unique properties are definitely a long lasting investment.

AUTHENTIC SURFACE FINISH

Have you seen & felt the real wooden-like textures and effects on the surface our floors? We pay extra attention to import floors with a top finish, to gift you an authentic experience. **Running your hand on these surfaces will make you feel the cracks, knots, pores & marks of a real wooden plank! You may find a number of products in the market but you will never find this kind of genuine wood-feel from any cheap alternatives.**
